

## INDEX.

---

Accidents in Foundries, Discussion on Prevention of.....	151
Accidents in Foundries, Preliminary Report on.....	241
Accidents in Foundries, Prevention of.....	27
Address of President.....	113
Address of President-elect.....	196
Alloys-Ferro, in the Foundry.....	31
Amer. Soc. Testing Materials, Report of Committee B.....	205
Annealing Castings.....	15
Annual Dues, Resolution on Proposed Increase.....	190
Anthes, L. L.; Address of.....	196
Automobile Cylinders, Discussion on.....	123, 126
Automobile Cylinders, Production of.....	49
Book Notice.....	204
By-product Coke, Discussion on.....	171
By-product coke for the Foundry.....	45
Canadian Manufacturers' Assn., Excursion given by.....	153
Castings, Annealing.....	15
Cast Iron, Titanium in.....	57
Cast Iron to be Machined, Specifications for.....	29
Carr, W. M.; Annealing Castings.....	15
Change in Cupola Practice, a suggested.....	233
Chapter from the Guilds in the Middle Ages.....	209
Chemical Reactions in Foundry Cupola Practice.....	7
Cincinnati, Invitation by.....	197
Coke, By-product, for the Foundry.....	45
Coke, Discussion on By-product.....	171
Committee on Accidents in Foundries, Preliminary Report of.....	241

Committee on Industrial Education.....	176, 249
Committee on Nominations.....	150
Committee on Specifications for Foundry Pig Iron.....	193, 265
Convention Idea, the.....	99
Core Making .....	19
Core Sands and Mixtures, Discussion on.....	152
Cost Committee, Report on.....	173
Costs, Discussion on Foundry .....	175
Costs, Foundry .....	65
Costs, Uniform Foundry.....	37
Cupola, Distribution of Temperatures in .....	103
Cupola Practice, Chemical Reactions in.....	7
Cupola Practice, Discussion on.....	154
Cupola Practice, a Suggested Change in.....	233
Cupola Thermics .....	81
De Clercy, J.: Chemical Reactions in Foundry Cupola Practice .....	7
De Clercy, J.: Discussion on Cupola Practice.....	154
De Clercy, J.: Distribution of Temperatures in the Cupola..	103
Detroit, Invitation by.....	200
Diller, H. E.: Specifications for Cast Iron to be Machined...	29
Discussion on Automobile Cylinders.....	123, 126
Discussion on Core Sands and Mixtures.....	152
Discussion on Cupola Practice.....	154
Discussion on Foundry Costs.....	175
Discussion on Industrial Education.....	184
Discussion on Machine Molding.....	127
Discussion on Needless Foundry Waste.....	172
Discussion on Prevention of Accidents in Foundries.....	151
Discussion on Shop Management.....	120
Distribution of Temperatures in the Cupola.....	103
Emerson, Harrington: Discussion on Needless Foundry Waste .....	172
Emerson, Harrington: Needless Foundry Waste.....	77
Everitt, F. C.: Foundry Warehouse Methods.....	23
Falconer, Kenneth: Report of Cost Committee.....	173
Ferro-Alloys in the Foundry.....	31

Flagg, Stanley G., Jr.: Presidential Address.....	113
Foundry Accidents, Preliminary Report of Committee on...	241
Foundry Costs .....	65
Foundry Costs, Uniform .....	37
Foundry Pig Iron, Committee on Standard Specifications for	193
Foundry Warehouse Methods.....	23
 Guilds of the Middle Ages, A Chapter from the.....	 209
 Increase in Annual Dues, Resolution on.....	 190
Industrial Education at Winona Institute.....	95
Industrial Education, Discussion on.....	184
Industrial Education, from Committee on.....	249
Industrial Education, Report of Committee on.....	176
Industrial Supremacy, Our.....	89
 Johnson, Prof. E. A.: Industrial Education at Winona Insti- tute .....	 95
 Kreuzpointner, P.: A Chapter from the Guilds of the Middle Ages .....	 209
Kreuzpointner, P.: Committee on Industrial Education..	176, 249
Kreuzpointner, P.: Discussion on Industrial Education....	184
 Ladies Entertainment in Toronto... ..	 189
Long, A. T.: By-product Coke for the Foundry.....	45
Long, A. T.: Discussion on By-product Coke for the Foundry	171
Loudon, A. M.: Core Making.....	19
Loudon, A. M.: Discussion on Core Sands and Mixtures....	152
 Machine Molding, Discussion on.....	 127
Management, Shop, by H. F. J. Porter.....	1, 3
Moldenke, Dr. R.: A Suggested Change in Cupola Practice..	233
Moldenke, Dr. R.: Molding Sand Tests.....	257
Moldenke, Dr. R.: Notes on Sandless Castings.....	163
Moldenke, Dr. R.: Secretary-Treasurer's Report.....	117
Moldenke, Dr. R.: Titanium in Cast Iron .....	57
Molding Sand Tests.....	257

Moonlight Excursion on Lake Ontario.....	153
Mumford, E. H.: Discussion on Machine Molding.....	127
Mumford, E. H.: The Convention Idea.....	99
Needless Foundry Waste.....	77
Nominations, Committee on.....	150
Notes on Sandless Castings.....	163
Officers Elected at Toronto.....	195
Oxy-Acetelyne Welding.....	73
Perrault, N. L.: Production of Automobile Cylinders.....	49
Pig Iron, Proposed Specifications for Foundry.....	265
Pittsburg, Invitation by.....	202
Porter, H. F. J.: Discussion on Shop Management.....	120
Porter, H. F. J.: Shop Management.....	I, 8
Presidential Address .....	113
Prevention of Accidents in Foundries.....	27
Proceedings of the Toronto Convention.....	111
Production of Automobile Cylinders.....	49
Reception by the Municipality of Toronto.....	119
Report of the Auditing Committee.....	119
Report of the Committee on Foundry Costs.....	173
Report of Committee on Industrial Education.....	176
Report of Committee on Standard Specifications for Foundry Pig Iron .....	265
Report of Secretary-Treasurer.....	117
Sandless Castings, Further Notes on.....	163
Saunders, W. M.: Ferro-alloys in the Foundry.....	31
Secretary-Treasurer's Report .....	117
Shop Management, by H. F. J. Porter.....	I, 8
Shop Management, Discussion on.....	120
Smoker at Toronto.....	203
Specifications for Cast Iron to be Machined.....	29
Specifications for Foundry Pig Iron, Proposed.....	206
Specifications for Testing Cast Iron and Finished Castings..	205

Spencer, W. J.: Our Industrial Supremacy .....	89
Standard Specifications for Foundry Pig Iron, Proposed...	265
Stickie, F. W.: Automobile Cylinders.....	126
Stupakoff, S. H.: Cupola Thermics.....	81
Taylor, E. M.: Foundry Costs.....	65
Taylor, E. M.: Uniform Foundry Costs.....	37
Taylor, G. H.: Oxy-Acetelyne Welding.....	73
Temperatures in the Cupola.....	103
Tests of Molding Sand.....	257
Titanium in Cast Iron.....	57
Toronto Convention, Proceedings of.....	111
Uniform Foundry Costs.....	37
Warehouse Methods, Modern Foundry.....	23
Waste, Foundry, Discussion on Needless.....	172
Waste, Needless Foundry.....	77
West, Thos. D.; Discussion on Prevention of Foundry Accidents .....	151
West, Thos. D.: Preliminary Report on Foundry Accidents.	241
West, Thos. D.: Prevention of Accidents in Foundries.....	27
Wheeling, Invitation by .....	199
Wilson, J. J.: Discussion on Automobile Cylinders.....	123
Winona Technical Institute, Industrial Education at.....	95
